March 30, 2015

Ms. Sara Nelson

Dear Ms. Nelson:

It is with pleasure that the National AIPG Executive Committee welcomes the geology students of the University of St. Thomas as the newest Student Chapter of AIPG. The students will not regret the time and effort.

Although the advantages of AIPG membership are numerous, the most compelling reason for involvement is one's own self-interest. The additional opportunities opened to AIPG members comes from a wide network of accomplished geologists who are only too willing to assist colleagues in achieving professional career goals.

AIPG membership consists of geologists engaged in every discipline. AIPG focuses on the professional, institutional, regulatory, and social-economic aspects of the practice and what geologists do for the benefit of society. The Student Chapter's initial exposure to AIPG will, we are certain, expose an entirely new perspective for students as they build careers.

To assist in establishing the Chapter, the Executive Committee is pleased to contribute \$100 to the University of St. Thomas AIPG Student Chapter treasury.

We hope some of our new Chapter members may be able to attend the AIPG 2015 Annual Meeting to be held in Anchorage, Alaska.

Best wishes,

J. Foster Sawyer, CPG-10000
President

Robert A. Stewart, CPG-8332
Executive Director
